A.C. SLASHOPT
FOR END TO END SOLUTIONS

ABOUT US

We are end to end IT solution providers with a deep field experience of more than 25 Years. We create business relationships based on effectiveness, integrity, transparency and focus on quality. We constantly strive to improve our teams, our services and products continue being the best.

We design and deliver technology-enabled corporate solutions to businesses of any size. We utilize strategic alliances with all leading technology providers to fulfill customer demand and leverage its infrastructure's standards. A.C. Slashopt has a Global wide footprint with a growing presence in multiple regions.

A.C Slashopt has imagined, designed, architectured and delivered numerous complex projects in the infrastructure, security, cloud and availability sectors.

Our vision is to be remain an industry wide respected company that provides best-of-breed corporate solutions, maximizing technology, delivered by best-in-class professionals.

ADVISORY SERVICES

We provide professional, effective and efficient solutions for our ever growing clientele with attention to individual needs. Our company keeps evolving based on the increasing expertise of our team with the vision of offering businesses of all sizes across the Globe with continuous support and technical advice.

TECHNOLOGY INNOVATION

We identify, research and create new technologies and transform them into turnkey solutions and enablers for our customers' demands.

COMMITMENT

We are committed to holding the highest ethical standards and follow the latest industry compliance and security mandates.

TEAMWORK

We believe that a strong team of individuals is comprised of well skilled and effective individuals. Therefore, our staff is trained in the latest technological breakthroughs ready to service any business need of any complexity.

STRONG RELATIONSHIPS

We build business relationships based on the foundation of integrity and trust in all sectors.

A MATTER OF CHOICE

Doing the right thing at all times under all circumstances in connection with our work at A.C. Slashopt.

ISO APPROVALS / CERTIFICATIONS

ISO 27001

At A.C.Slashopt, we take security very seriously. We've been working hard over the past years to ensure our customers' data is protected to the world's highest standards ISO 27001 is a globally recognized information security standard which lays out the requirements for a comprehensive Information Security Management System. Certification is only given to organizations that have successfully been independently audited for compliance.

ISO 9001

"ISO 9001 Certified" means an organization has met the requirements in ISO 9001, which defines an ISO 9001 Quality Management System (QMS). ISO 9001 evaluates whether your Quality Management System is appropriate and effective, while forcing you to identify and implement improvements.
Continuous improvement assures that our customers benefit by receiving products/services that meet their requirement, and that we deliver consistent performance.

ISO 45001

ISO 45001 is the new ISO standard for occupational health and safety (OHGS). It has become one of the most eagerly awaited standards in the world, and is set to drastically improve levels of workplace safety.

ISO 37001

ISO 37001 Is the international standard for Anti-Bribery Management Systems. It provides a framework for organizations to prevent, detect, and respond to bribery, both internally and externally. This certification is globally recognized as a mark of integrity and ethical business conduct.

GDPR COMPLIANT

Our customers' data and privacy rights are of utmost importance to us. At A.C. Slashopt we cherish any form of security as a principle and our mindset is constantly committed to exceed our clientele's expectations.
As per the GDPR requirements and standard, we pledge to protect and secure our customers' data and privacy rights.

Our continuous GDPR compliance proves our consistent commitment to data protection, privacy rights, and EU-law compliance. The A.C. Slashopt team is well-trained and persistently follows and implements the best practices for handling personal data.

EFFECTIVE PARTNERSHIPS

aruba®

NETWORKS

Microsoft Solutions Partner

Modern Work

Microsoft Corporation (commonly referred to as Microsoft) is an American multinational technology company headquartered in Redmond, Washington, that develops, manufactures, licenses, supports and sells computer software, consumer electronics and personal computers and services. Its best known software products are the Microsoft Windows line of operating systems, Microsoft Office office suite, and Internet Explorer and Edge web browsers. Its flagship hardware products are the Xbox game consoles and the Microsoft Surface tablet lineup. It is the world's largest software maker by revenue, and one of the world's most valuable companies.

Aruba Networks offers a comprehensive suite of networking solutions designed to enhance connectivity, security, and management across various environments. Their Wi-Fi solutions include high-performance, secure, and reliable wireless access points and controllers optimized for diverse enterprise needs. Aruba's switching solutions provide scalable and efficient switches that support advanced features for both core and edge network deployments. Network management is streamlined with platforms such as Aruba Central, which offers unified monitoring and maintenance across wired, wireless, and WAN networks. Overall, Aruba Networks' solutions are designed to deliver seamless, secure, and intelligent networking capabilities tailored for enterprises, educational institutions, healthcare, and other verticals.

MSSP INNOVATOR
Palo Alto Networks

COMING SOON

Acronis | PLATINUM
SERVICE PROVIDER

Palo Alto Networks brings next-generation firewall capabilities to distributed enterprise branch offices, retail locations, and midsize businesses. Our next generation firewall prevents cyberattacks while simplifying security. Blocks a range of known threats—including exploits, malware and spyware across all ports, regardless of common evasion tactics employed. Limits the unauthorized transfer of files and sensitive data, and safely enables non- work-related web surfing. Identifies unknown malware, analyzes it based on hundreds of malicious behaviors, and then automatically creates and delivers protection.
Our next-generation firewall is a foundational element of our Security Operating Platform that protects your business with a prevention focused architecture. It uses automation to reduce manual efforts and is easy to deploy as well as operate. With security that works, you can keep up with business demands and easily adopt innovations.
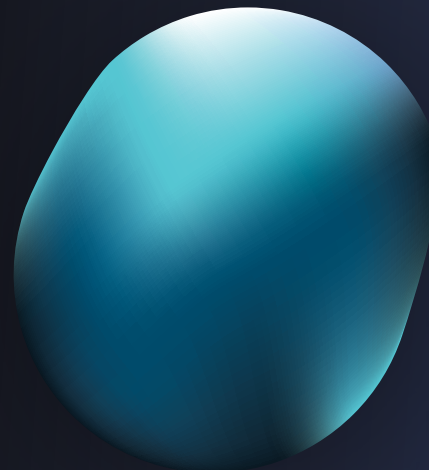

A.C. Slashopt is soon to be the 1st Palo Alto Platinum partner in Cyprus.

Palo Alto Networks is a Leader in the Gartner Magic Quadrant® for Enterprise Network Firewalls for the 10th time in a row, recognized as the highest in ability to execute and furthest in completeness of vision. Our continued commitment to securing our customers has earned us the highest position in this year's report.

Acronis Cyber Cloud is a platform that enables service providers to deliver cyber protection in an easy, efficient and secure way. With a single platform, you and your customers gain access to hybrid cloud backup, disaster recovery, ransomware protection, file sync and share, and blockchain- based file notarization and e-signature services, all managed from a centralized console.

vmware®

Digital business transformation is creating new opportunities and risks in every industry. VMware helps IT become Brave New IT with our One Cloud, Any Application, Any Device architecture. By unifying private, managed and public clouds into one hybrid cloud, our customers accelerate innovation, engage customers with new mobile-cloud applications, and govern risk.

Hewlett Packard Enterprise

Partner Expertise

Solution Provider - Networking
Solution Provider

We help customers use technology to slash the time it takes to turn ideas into value. In turn, they transform industries, markets and lives. Some of our customers run traditional IT environments. Most are transitioning to a secure, cloud-enabled, mobile-friendly infrastructure. Many rely on a combination of both. Wherever they are in that journey, we provide the technology and solutions to help them succeed.

POLICY

A.C. SLASHOPT LTD through its policy seeks to establish business relationships based on efficiency, integrity, transparency and focus on quality. Also, this is a constant effort to improve our teams, services and products and become even better.
In order to achieve this objective, the Company commits itself to:

- Apply and continuously improve the management system according to ISO 9001: 2015 and ISO 45001: 2018.
- Recognize, observe and comply with the legislation that is relevant to the services and products provided.
- Establish on a systematic basis its staff by ensuring the required capacity.
- Purchase equipment from trusted suppliers accompanied by all required legal and other documents.
- To have the necessary resources to maintain and improve the efficiency of the company's management and security system.
- Define quality and safety objectives, which are reviewed in management reviews.
- Provide safe and healthy working conditions to prevent injuries and illnesses associated with work.
- Take measures to eliminate and reduce risks
- Provide opportunities for consultation and participation of employees and, if available, employee representatives on health and safety issues.
- Communicate this policy within the company and make it available to all interested parties.
- Our vision is to be a respected company in the market that provides best-of-breed business solutions, maximizing technology, delivered by the best people in the class. Our business relationships with customers, employees, suppliers and local communities are always built on the foundations of integrity and trust.
